

## EJECTED A TENANT

Mrs. Nation Creates a Medicine Lodge Sensation.

## DISPOSSESSED A PREACHER

Carted Rented Furniture Away From the House.

A representative of the Eagle sends from Medicine Lodge the latest and best Nation story yet printed:

Mrs. Carrie Nation has been suspected for some time of being demented, and her action recently in ejecting from her house in Medicine Lodge a minister of the gospel, without warning, and on the theory that "the Lord told her to do it," but confirms the suspicion.

Shortly after the Rev. J. Griffin came to Medicine Lodge last summer to be pastor of the Baptist church, he leased from Mrs. Nation her furnished house. Mr. Griffin had an iron-clad lease from the crusader, and it was good for a year.

Last Thursday David Nation left for Ohio to spend the summer. Before going he had a talk with Mr. Griffin concerning his lease. Mr. Griffin expressed his satisfaction and plainly indicated his understanding that the lease was good for a considerable time to come. Mrs. Nation returned home Friday. Saturday she started out to spend the day in a crusade work on the streets of Medicine Lodge. Before she commenced, however, she sought out Rev. Griffin and forthwith demanded her furniture. Before Mr. Griffin could say a word she changed her demand to a notice that she would immediately send a man to the house to remove the goods. Now Mr. Griffin and his young wife had no furniture, and a bare house had no attraction to them. But being mild of manner and slow to wrath, as a minister of the gospel, he stood not on the order of his going, but went.

Before Mr. Griffin could get what few belongings he had out of the house Mrs. Nation had a colored man removing her furniture and utensils out into the yard. Then she ordered them placed on the porch, and a third order against removal to the gate, and then they were boxed. First, Mrs. Nation declared she would have a public auction and sell her goods; then she said she would store them; then she expressed her intention of shipping them to Ohio, and then she expostulated with her on her treatment of the minister. The crusader expressed wonder at the comment around. She declared the Lord had told her to do it. She said she would not be moved by the action of the minister. She said she would not be moved by the action of the minister. She said she would not be moved by the action of the minister.

The action of Mrs. Nation has excited considerable comment in Medicine Lodge, and sympathy for the minister. As to Mrs. Nation, she is not now in her own home town, and what she has done has only added to the belief in her insanity. Otherwise, why should she break her word and a binding lease, and set out doors a minister of the faith in which she professes so much, with the very vague self-justification that "the Lord had told her" to do it?

Mrs. Nation's husband has made up their minds to stand for her no longer. They have telegraphed her several times since she went to her home at Medicine Lodge, but she has refused or neglected to answer. Mr. Griffin's wife, Mrs. Simon, yesterday and today at noon, after he sent to Medicine Lodge to arrest Mrs. Nation and bring her to this city. He said he was afraid the bond would be forfeited.

Shortly Simmons told Mr. Jones that if he wished to save cost he would deliver him and that he could go to Medicine Lodge and bring her home himself. He was sworn in as deputy sheriff and left for Medicine Lodge on the next train and arrived here with his prisoner last night.

BEST WAY TO CURE BACKACHE. Backaches are caused by disorder in the kidneys. POLY'S KIDNEY CURE will make the kidneys right. Take no substitute. G. Gehring, 24 E. Douglas; Geo. Van Werden, 28 N. Main; Wichita Drug Co., 119 E. Douglas; Gus Saur, 124 E. Douglas.

## IT SPRUNG A LEAK.

Little Arkansas River Dam Now in a Crippled Condition.

The Central avenue dam in the Little Arkansas spring a leak Saturday night. The large body of water ran out and yesterday the stream had the appearance of a muddy run down in some of the eastern states. Yesterday morning the water had reached its normal in the days when Wichita had no Riverside park and no dam in the little river.

Mr. Woods was the first person to discover the leak about 10 o'clock Sunday. He thought nothing could be done and he went to bed without giving the alarm. It was after midnight yesterday morning before the people living near the dam knew that it had broken loose. Some of them above the dam noticed that the river had run down about four feet but they thought the gates in the sluice way had been opened.

The river gathered on the banks of the river near the dam yesterday morning. Some of those who had been damaged by the recent overflow did not shed any tears but they joked one another as to who had cried the loudest in the dam. People of the city soon heard of the accident and all day there was a stream of carriages passing down Central avenue. Assistant Engineer H. J. Harding was one of the first to arrive. He had thoroughly inspected the dam just before the recent rise in the river and several times since and the washout was a surprise to him.

Several causes were assigned for the washout by the spectators but the favorite one seemed to be that some fellow had dropped about a quart of quicksand above the dam. That it had worked its way under the dam and the hole had

grown larger and larger until all the water was let out. When asked if that thing could have been done by quicksilver, City Engineer Harding said that he believed there were several well authenticated cases where dam had been destroyed by quicksilver. He, however, rejected the quicksilver theory in this case. He said the great body of water falling over the dam had gradually undermined it and loosened the pillars in the center.

It was the pillars in the center of the dam that caused the water to come to the bottom and the filling above the dam was gradually washed out. Nobody seems able to figure the damage to the city or whether there is really any damage. The city has a contract with Mr. Steinbuechel to clean out the head of the little river west of the Central park and make a large body of water in that section. It was found by asking for bids that this work would cost \$2,500 on account of the work having to be done in the water. For some time the city officials have held that this work could be done much cheaper by tearing out the dam so as to get clear of the water while the work was being done as it would only cost a few hundred dollars to replace a section of the dam after the work in front of Steinbuechel's place had been done. It has been charged that the brush in the little river, west of north Riverside, caused the overflow by stopping the current of the river and that when the city has fulfilled its contract with Mr. Steinbuechel there will not be any more overflows in the little river.

## DOLD'S ARMY AT WORK

Many Men and Teams at Work and Material Arriving Daily.

Yesterday a large force of men and teams were added to the work now in progress at the Dold Packing Plant and in all about twenty-five teams were at work with scrapers excavating for the foundation for the splendid new building, which work will require about two weeks. All day yesterday switch engines were busy hauling in material, all of which was long ago ordered and will be coming in from now on as fast as needed. About a half million bricks are on the ground, and the heavy timbers for piers and girders are partly in. Some of the oak, cypress and pine are already on the ground and an extra force of men is required to handle this material, which makes of the north side of the plant to bear the appearance of a lumber yard on wholesale plans. When ready to commence the management will have the most up-to-date appliances for pushing the project to the finish.

For instance, a yard engine will be set and regular sawmill saws fixed for shaping and cutting the timbers as called for by the specifications, thus vastly facilitating this usually slow and dragging feature of building a structure. A steam hoisting crane will be used to raise the heavy timbers up to where needed; and in fact every possible known mechanical device brought to bear to make quick work. A large number of cars of stone are already in the yards and the rest will follow at regular intervals. The concrete is finished, the stone masons will be ready to push their part. One half million square feet of insulating paper will be required throughout the building and something of the immensity of this order may be gotten in the fact that this would cover the entire Dold land over four times. It is a tiny little city with the several independent gangs at work at their respective labors and when completed this plant will have no superior in the land.

The editor of the Fordville, Ky., Miscellaneous, writes as a postscript to a business letter: "I was cured of kidney trouble by taking POLY'S KIDNEY CURE." Take nothing else. G. Gehring, 24 E. Douglas; Geo. Van Werden, 28 N. Main; Wichita Drug Co., 119 E. Douglas; Gus Saur, 124 E. Douglas.

## DEATH OF MRS. RICE

Highly Respected Wichita Woman Passes Away.

Mrs. E. J. Rice died yesterday noon at her home, 228 South Topeka avenue, after an illness of about a week, the climax of two years of poor health. Mrs. Rice was 77 years of age and leaves a widow with two children, one of whom is 17 years old and a pupil of the High School, while the other is but 11. The funeral will take place this afternoon from the family residence.

Mrs. Rice has lived in Wichita about 9 years and during that time has made a number of friends. Her death was a surprise to all who knew her. She was a native of Ohio and came to this city in 1892. The funeral will take place this afternoon at 2 o'clock at the residence. Rev. Bruce Griffith will officiate.

SUNDAY EPIDEMIC OF CHILLS. About a Thousand People Suffered From Them Sunday.

Sunday was a day when a thousand people had chills. No one seems able to explain it. The day was the first rainy one this spring and nearly every one at some time during the day was out luxuriating in the sunshine. But for some unaccountable reason a great number of people at one time or another took with a teeth chattering chill which lasted four or five minutes and then passed away. A salutation yesterday was "Did you have a chill yesterday?"

## Dr. Greene's NERVURA LONGSTREET

"It gives me pleasure to add my testimony to the many others in favor of Dr. Greene's Nervura blood and nerve remedy, which I have used with highly beneficial results, and am able to commend its virtues from experience."—James Longstreet, 1217 New Hampshire Ave., Washington, D.C.

General Longstreet is the last surviving general of the Civil War. Every child's favorite, his name, The General is now 73 years of age, hale and hearty. Take his advice; you can rely on it. Dr. Greene's Nervura benefits all who are rundown and weak.

It is the Foremost Spring Medicine.

As a spring medicine to strengthen and tone up the nerves, purify and enrich the blood, invigorate brain, muscle and body, as well as regulate the action of the stomach, liver and kidneys, Dr. Greene's Nervura blood and nerve remedy surpasses anything the world has ever known.

Dr. Greene, 25 W. 14th St., New York City, gives consultation free to all who call or write. If you are puzzled about yourself this spring, write to Dr. Greene today for advice.

## STICK TO IT.

Geo. L. Heard of High Tower, Georgia, writes: "Eccema broke out on my baby, covering his entire body. Under treatment of our family physician he got worse, as he could not sleep for the burning and itching. We sent for 'DR. J. N. SALVE' on him, and by the time it was gone he was well. The doctor, seeing it was curing him, said: 'Stick to it, for it is doing him more good than anything I have done for him.'" G. Gehring, 24 E. Douglas; Geo. Van Werden, 28 N. Main; Wichita Drug Co., 119 E. Douglas; Gus Saur, 124 E. Douglas.

## GOLFERS HARD AT PLAY.

Mr. Sternberg Makes a Record-Breaking Drive.

The golfers are getting out in force, the warm sun coaxing, and the links are dotted with dashing dashes of color from the bright sweaters of the swatters. Nothing sensational has been performed in several days, but last night Mr. Sternberg made a record-breaking drive. The best drive yesterday was made by Mr. W. O. Sternberg, who drove the ball from No. 2 plate up to the head of the gulch across the road, a distance of over two hundred yards. Mr. Sternberg is getting anxious for another tournament but no date as yet has been fixed upon.

## OLD PEOPLE GET MARRIED.

The Younger Ones Mar the Occasion by Their Kicking.

Samuel Dell and Mrs. Lydia Dell were joined in marriage by Probate Judge Wilson last evening. Mr. Dell is a preacher and lives at Kader, Missouri. Mrs. Dell formerly lived at Maize, this county. Mr. Dell is 64 years of age and his bride four years younger. They happened to have the same name but are not related but they know of it. Mrs. Dell said that she could get married this time without changing her name. The old people seemed to be very well satisfied to have the knot tied good and strong, but a grown daughter of Mrs. Dell put in her appearance and registered a vigorous kick. She told Judge Wilson that he had no business to marry them because they were too old, and because the groom lived in the state of Missouri.

Judge Wilson explained that his jurisdiction extended to the uttermost limits of Sedgewick county and that while her prospective step-father was in this county, he had jurisdiction. He said that he guessed he could marry them. The daughter appealed to the register of deeds across the hall, but Mr. Kerr said he had nothing to do with the business on the other side of the hall.

Love leads at all obstacles and Mr. Dell thought it well to marry his bride. He told Judge Wilson that he had no business to marry them because they were too old, and because the groom lived in the state of Missouri. ## CHURCH ON WHEELS

Chapel Car No. 5, Messenger of Peace in Wichita.

Chapel Car No. 5, of the American Baptist Association, arrived in this city yesterday morning over the Missouri Pacific. The special car named the Messenger of Peace, is in charge of Rev. S. G. Neal, a Baptist minister of Bristol, Connecticut, and is a regular church car, with a paragon of a pastor, Rev. S. G. Neal, in the church part for 15 persons and the paragon is equipped with a library, books, tables, typewriter, a complete kitchen, range, sink, refrigerator and china closet and all necessary comforts for living from the car. The car is one of the largest on the road, being over eighty feet long, and the church part is filled with comfortable folding benches and lit with the latest system of electric lights. There is an organ and a pulpit, and the car is also equipped with a complete kitchen and a complete kitchen, range, sink, refrigerator and china closet and all necessary comforts for living from the car.

The purpose of the church on wheels is to hold meetings in small towns where there are no churches and also to reach directly to the people. The car is now on its way to attend church. The meeting for railroad men often occur at noon and at night. A great many books and Bibles are supplied to the trainmen. Dr. Neal says that the work is extensive and that he is glad to be able to reach the people in this way. He said that he is glad to be able to reach the people in this way. He said that he is glad to be able to reach the people in this way.

## ARE GOING HOME.

Disbanded U. S. Soldiers Pass Through Wichita.

About 24 members of the 3rd United States Volunteer Infantry were in the city yesterday on their way home from the Philippines. They were disbanded in San Francisco on the 15th and left immediately for their homes in different parts of the country. The 3rd and 24th regiments were sent to the Philippines in June, 1898, and were sent to the seat of war without delay and with hardly time for them to become acquainted with the tactics. The regiment was composed of twelve companies of

## WANT CO-OPERATION

Western Livestock Sanitary Association Meets at Carey.

## ORGANIZATION EFFECTED

Missouri, Kansas, Oklahoma and Arizona Represented.

There was a regular called meeting of the Western Sanitary Live Stock boards of Missouri, Kansas, Oklahoma, Texas, Colorado, New Mexico and Arizona last night at the Carey hotel for the purpose of reorganizing the Western Quarantine association. The following boards were represented: Missouri, Dr. D. F. Luckey; Kansas, F. H. Chamberlain; Oklahoma, W. E. Bolton; Arizona, J. C. Norton. Taylor Riddle, ex-member of the Kansas board, was also present. A temporary organization was formed with Dr. D. F. Luckey president and W. E. Bolton secretary. The purpose of the organization was declared to be the securing of more uniform regulations by the states and territories named for the benefit of cattle raisers and to promote the interests in general of the live stock industry. To more effectively enforce regulations against violations of the federal and other quarantine laws. The co-operation of people living north of the federal line was thought to be necessary to a successful guarding against infection. A resolution was passed recommending that each state and territory delegate at least two members to attend the next meeting of the Interstate Association of Live Stock Sanitary Boards.

The following resolution was made by Dr. Luckey and adopted unanimously: "For the purpose of perfecting the system of southern cattle inspection and the promotion of legitimate traffic in southern cattle, be it resolved, that the inspection be co-operative between the states of this association bordering on the quarantine line in that permits issued by an authorized agent of any of these states be recognized by the authorities of the state to which the cattle inspection are destined and monthly reports be made by the inspector to the secretary of a sanitary board of such state."

Both W. E. Bolton, secretary, and Dr. D. F. Luckey, president, were more than pleased with the attendance of members at this meeting and both concurred in stating that the start augurs well for the future of the association.

"STICK TO IT." Geo. L. Heard of High Tower, Georgia, writes: "Eccema broke out on my baby, covering his entire body. Under treatment of our family physician he got worse, as he could not sleep for the burning and itching. We sent for 'DR. J. N. SALVE' on him, and by the time it was gone he was well. He said that he guessed he could marry them. The daughter appealed to the register of deeds across the hall, but Mr. Kerr said he had nothing to do with the business on the other side of the hall.

Love leads at all obstacles and Mr. Dell thought it well to marry his bride. He told Judge Wilson that he had no business to marry them because they were too old, and because the groom lived in the state of Missouri. Judge Wilson explained that his jurisdiction extended to the uttermost limits of Sedgewick county and that while her prospective step-father was in this county, he had jurisdiction. He said that he guessed he could marry them. The daughter appealed to the register of deeds across the hall, but Mr. Kerr said he had nothing to do with the business on the other side of the hall.

## JELL-O THE NEW DESSERT

pleases all the family. Four flavors—Lemon, Orange, Raspberry and Strawberry. At your grocers. 10 cts. Try it today.

100 men each, but the two years' service has reduced it by 200 killed and 400 wounded or sick. Gen. Hare was their first colonel, but was promoted to major-general and Lieutenant Kromm was promoted to that position. The regiment was stationed at Vargan, about 200 miles north of Manila, during their entire service in the islands.

An Eagle reporter talked with several of the members yesterday afternoon, and all were of one mind about the Philippines as a residence for white men. Every man said he would not live in the province where they were stationed for the entire island. Manila and various kinds of swamp-pests kept them, but the men in the hospital. Along the coast, there was some pretty fair land and reasonably healthy, but in the interior there was nothing but mountains and swamps and the insects were terrible and the reports show that as many died from sickness as were killed in battle.

The boys are all glad to get home and each have a large collection of relics and mementos of their service in the islands. The growth of this bank is the pride of Wichita. Opened about four months ago, in its elegant banking house on Douglas and Topeka avenues, it now has a deposit of \$1,000,000. The management of this bank is entrusted to men of large banking and business experience and of sound and clean financial ability and reputation. From the start they have shown a thorough understanding of the outlook and present prosperity of Wichita, and have been able to secure the most advanced and complete equipment. Accordingly they bought the elegant and substantial three-story brick and stone trimmed building, fitting the same so as to afford the most complete accommodation for the city's city banking business. Two large fire-proof vaults were put in the building. In the construction of the vaults neither pains, skill nor money were spared to make the vaults both ample for the accommodation of the bank, and as safety vaults for the patrons of the bank.

A special order was placed in October last, by the promoters of the bank, with the Missouri Safe Company of Hamilton, Ohio, for the manufacture of a large Corlies safe of the latest and most approved pattern. The depth of vaults of little over four months, it has reached a deposit of nearly \$1,000,000 while it has been fortunate in getting a large and good class of loans. We bespeak for the American State Bank a liberal share of public patronage.

GOLFERS HARD AT PLAY. Mr. Sternberg Makes a Record-Breaking Drive. The golfers are getting out in force, the warm sun coaxing, and the links are dotted with dashing dashes of color from the bright sweaters of the swatters. Nothing sensational has been performed in several days, but last night Mr. Sternberg made a record-breaking drive. The best drive yesterday was made by Mr. W. O. Sternberg, who drove the ball from No. 2 plate up to the head of the gulch across the road, a distance of over two hundred yards. Mr. Sternberg is getting anxious for another tournament but no date as yet has been fixed upon.
